BONDS TO BE VOTED

TO BUILD CONCRETE CULVERTS IN POLK TOWNSHIP.

ESTIMATE BEING MADE

State Deputy Highway Engineer is Looking Over Township Bridges—Suggest Plan for Lee Road.

W. C. Davidson, state deputy highway engineer, arrived in Maryville Wednesday, and in company with Paul Sisson and J. F. Roelofson, two members of the Agricultural and Live Stock association, and Judge J. H. Thornhill of the county court, made an inspection trip of the culverts and bridges of Polk township this afternoon. Mr. Davidson is to make an estimate of what it will cost to put in concrete culverts in this township, and will also make suggestions as to the plans.

Mr. Davidson came here at the request of the Nodaway County Agricultural and Live Stock association, which is planning on having a special elections in Polk township to vote bonds for concrete bridges. The board of directors of the association has not definitely decided on the bond issue, but all seem to be in favor of having one soon.

Mr. Davidson has suggested a plan for making the Lee road, east of the city. He was here a month ago looking over the road, and the commissioners in charge, Anderson Craig, A. F. Croy and J. L. Partridge are to use his plan. Mr. Davidson's plan is to first lay a bed of sand six inches deep, then one and a half inches of clay, then about four inches of sand, then an inch of clay, and to mix it all up. The road is to be made for one and a half miles, and the commissioners recently received $1,000 from the state to duplicate the amount spent by them last year and a year ago. The commissioners have just purchased 300 loads of fine gravel for the work.

A MISSOURI "SEED CORN WEEK."

Governor Hadley Proclaims Period for Farmers to Select Best Ears.

Governor Hadley issued a proclamation Tuesday setting aside the week beginning Monday, October 21, and ending October 26, as "seed corn gathering week," and calling upon the farmers to observe this period by the selection of their seed corn for the next spring's planting. He directed attention to the bumper crop, which he attributed in some degree to better seed corn, more scientific cultivation and rotation of crops.

MONSTER MISSIONARY MEET.

Lay Members of Churches Coming From All Over the Country to St. Joseph.

On October 24 and 25 there will be held in St. Joseph the greatest missionary convention ever gathered in the west. This convention is that of the laymen's missionary movement which had its inception at Washington, D. C., five years ago. The movement is interdenominational in nature and is not for the purpose of collecting money for missionary work, but to incite lay members of churches, men by the way, in a greater interest in missionary work and missions in general.

Prominent among those who will come for the big convention, which is to be held in the Auditorium, and at which from 1,000 to 1,500 men are expected to gather, will be Col. E. H. Halford of the United States army, and former secretary to President Harrison; J. Campbell White, New York; William Millar, New York, and prominent lay mission enthusiasts from all over the country. The convention will close with a dinner, at which prominent laymen will speak, and which will be one of the big features of the convention.

REPUBLICANS ARE MEETING.

The Republican county committee met this afternoon and several things in connection with the campaign were discussed. Several Republican speakers will probably be sent to the county in an effort to save the Republican ticket.

Young Mother Very Ill.

Mrs. Burton O'Connell of Fort Worth, Texas, is lying dangerously ill at the home of her parents, Mr. and Mrs. Michael M. Callahan, three miles west of Arkoe. Mrs. O'Connell and her little son have been spending several months at the Callahan home, and Mr. O'Connell joined them there two weeks ago. A daughter was born to them Saturday morning. Mrs. O'Connell was taken very ill Monday afternoon, and Dr. K. C. Cummins and Dr. W. M. Wallis, Sr., have been in constant attendance since. Mrs. Mary O'Connell of Kansas City, the mother of Mr. O'Connell, is also at the Callahan home.

Left for Oklahoma.

Mr. and Mrs. J. A. Carmichael, living east of Maryville, left Tuesday evening for Edmond, Okla., on a two weeks' visit to Mrs. Carmichael's mother, Mrs. George Rogers, and Mr. Carmichael's brother, J. W. Carmichael, and will also visit friends in Oklahoma City. They will be met at Edmond by a sister of Mrs. Carmichael, Mrs. Anna Ryther of Stillwater, who will visit her mother in order to meet the Maryville visitors.

ROOSEVELT EASY

HAD A COMFORTABLE NIGHT TO HIMSELF LAST NIGHT.

NO VITAL ORGAN TOUCHED

Bullet Has Been Located and There is no Danger Unless Blood Poisoning Sets in—Hard to Control.

Dispatches from Chicago late this afternoon says that the condition of Theodore Roosevelt is about the same after a good night's sleep. The only danger now seems to be blood poisoning.

Chicago, Oct. 16.—From 8 o'clock on, Col. Roosevelt enjoyed the "first real comfortable evening to himself" he has had in many days. That he wasn't quiet all day was due to himself, and over his physicians' protests, he insisted upon seeing the reporters and other callers at Mercy hospital where he is being treated.

The doctors have agreed that his wound is not merely superficial, but that it is a "deep and serious wound in the chest." No vital organ was touched, and the only danger seems to be possible blood poisoning.

The bullet has been found by X-ray photographs, but has not been probed for. As the doctors told the colonel, "The wound, itself, isn't bothering us, it is you," then explained they wished him to keep as quiet as possible.

The Wound Described.

Roosevelt's wound was described by Dr. Terrell as being just above the tenth rib, three inches deep and above the diaphram.

"There is positively no indication at present that the lung has been pierced," said Dr. Terrell. "The wound is a simple one, but dangerous because of the possibility of blood poisoning."

A late bulletin, which prohibited communication between the colonel and persons, other than those who are attending him, declared that "quietude is absolutely essential."

The physicians asserted, however, that it was not now necessary to probe for, or remove the bullet. The patient will be kept as calm as his nature will allow for a few days.

At midnight Col. Roosevelt was soundly sleeping and was expected to sleep until morning.

Col. Roosevelt awoke soon after 2 o'clock a. m. He said he felt no pain. His pulse showed a fall of four beats since midnight, nearly normal. Temperature, 88.8 pulse 80, respiration 18.

The colonel joked with his nurse and then called for a book and began to read.

INTEREST IS INCREASING.

In Revival Services at Baptist Church—Subject Tonight "The Cross of Christ."

The interest in the meeting at the Baptist church is increasing with every service. There was one addition for baptism Tuesday night. The subject of the discourse was "God's Perfect Remedy in Christ." In his sermon Rev. Smith emphasized the fact that man without Jesus Christ is a failure. God, however, has provided a perfect remedy in the person of Jesus Christ.

Tuesday afternoon there was a most interesting day service. Many took part in prayer, song and testimony. The presence of the M. E., South, congregation was greatly appreciated.

This evening the subject of the sermon will be "The Cross of Christ." There will also be a prayer and praise service every day at 2:30 p. m. throughout the week. Everybody is cordially invited to attend these services.

ACCEPTANCE HERE

WATER COMPANY FORMALLY ACCEPTS OFFER OF CITY.

BONDS WILL BE ISSUED

And Plant Will Be Taken Over on or Before January 1—To Make Many Improvements.

The board of public works received Wednesday the written acceptance of the water company for the sale of their plant for $50,000 to the city. All that remains now for the city to own the plant is to issue bonds.

The city council will meet in a few days, at which time the proposition will be ratified and an order made to issue $100,000 bonds. Then the bonds will be registered and placed on the market for sale. The entire bonds will not be issued at this time.

It is thought that the deal for the plant can be closed within thirty days. Some improvements will be made at the plant this fall, and then the board has many plans for the future, which they intend to carry out. One of these is for a well supply of water and another thorough test is to be made to see if sufficient water can be secured from wells on the Wright place, east of the Wabash track, east of Maryville.

The following is the written acceptance of the city's offer of $50,000 for the water plant, by the water company:

E. L. Townsend, President, S. G. Gillam, Secretary of the Board of Public Works of the City of Maryville, Maryville, Mo.: Gentlemen—Your proposition addressed to the City Water company of Maryville, Mo., proposing to pay to said company the sum of fifty thousand dollars ($50,000) in cash not later than January 1, 1913, is before us. Your said proposition in writing being as follows, to-wit:

"To the City Water Company of Maryville, Mo.: Gentlemen—The board of public works of the city of Maryville, Nodaway county, Mo., being authorized thereto by the city council of said city, does respectfully submit the following proposition:

"The said city of Maryville offers to purchase your water works system, including the whole of said system and appurtenances thereunto belonging, real estate, rights, privileges and all personal property belonging to said system and used in connection therewith, and also including the interest of your company in what is known as the Bellows and Robinson extensions, but not including the fuel, oil, lime, and packing which said company may have on hand at the time of transfer, and as a consideration for said water plant or system the city will pay your said company the sum of fifty thousand dollars in cash, and in addition there to will pay in cash for the fuel, oil, lime and packing which may be on hands at the time of transfer the cost price thereof, delivered at the pumping station of said plant.

"The said purchase price shall be paid at such time, not later than January 1, 1913, as said water company shall be able to deliver possession and good and sufficient title to said water plant to the city of Maryville, free and clear of all encumbrances, liens or claims whatsoever against the same, and the city shall be able to make payment therefor.

"The said city to assume the obligations of your said company as to the aforementioned Bellows and Robinson extensions.

"Respectfully submitted.

"BOARD OF PUBLIC WORKS.

"(Signed)

"E. L. TOWNSEND, President.

"S. G. GILLAM, Secretary."

We now desire to advise you that your proposition is now and by these presents is formally accepted.

Yours truly,

CITY WATER COMPANY OF MARYVILLE.

To Louisville Convention.

Mr. and Mrs. Robert B. Gex of Graham left Monday night for Louisville, Ky., to attend the national Christian church convention. While in Kentucky they will visit their sons, Robert B. Gex, Jr., who is attending the military school at Lyndon, Ky., and F. C. Gex, who has charge of the Gex homestead place near Ghent, Ky.

Mrs. Della Bush of Blockton, Ia., is in the city on a visit to her nieces, Mrs. Lafe Stamper and Mrs. Paul Carpenter.

WILL REPEAT THEIR SHOW.

Maryville Band Minstrels Played to a Big House at the Empire Tuesday Night—Again Tonight.

Maryville's Merry Minstrels gave a very creditable performance at the Empire Tuesday night under the auspices of the Maryville band. Mr. P. M. Webster, who directed the work of the minstrels, may well feel satisfied with the show, for the enthusiasm with which all the participants were received should be enough to convince any one of the merit of each.

The six merry jesters, H. R. Hancock, Glen Goff, Lou Denny, Frank Schumacher, Edward Gray and Lester Bennett, were the hits of the evening, of course. Much of their singing and general cutups were as good as professionals, while the wooden shoe dances by Eph Adle and Frank Butherus, and the acrobatic stunts of Price and Ellsberry were fine.

Mr. Becker was splendid in his place as interlocutor, and every bit of the music was fine, choruses, solos and all.

Be sure and hear them all tonight. Some new things will be introduced, so those who heard them last night will be entertained anew this evening if they wish.

News of Society and Womens' Clubs

Guests From Graham.

Mrs. W. H. Anderson and daughter, Mrs. W. B. Gex, of near Graham came to Maryville Tuesday for a two days' visit with Mr. and Mrs. John Anderson of Grand avenue, and were their guests at the minstrel show Tuesday night given by the Maryville band boys.

Tourists Met Tuesday.

Mrs. Ferdinand Townsend's home was the place of meeting for the Tourist department of the Twentieth Century club Tuesday afternoon. The members took up their second lesson on Germany. A study of the Frankish kings was given by Miss Jessie Parcher; Mrs. W. M. Wallis, Jr., followed with "How Christianity Came Into Germany;" "Charlemagne and the Holy Roman Empire," by Mrs. J. A. Lesh; a description of her trip down the Rhine two years ago was given by Mrs. George P. Bellows. At the close of the program Prof. P. O. Landon gave a very interesting talk on Bach's compositions and the forms of music.

Mother's Circle November 6.

The Mothers' Circle of this city are planning for a splendid afternoon on Wednesday, November 5. They will entertain the Pickering Mothers' club that day, and Rev. Claude J. Miller of the First Christian church will deliver an address, and Miss Hettie Anthony of the domestic science department of the Northwest Normal will speak on "Food Sanitation." There will be fine music and other good features. A luncheon will be served and the meeting of the two clubs is expected to bring about a united movement for all that mothers' clubs stand, and make their work more effective. Rev. Miller's address was to have been given some time ago, but was postponed on account of the Burlington Junction meetings he was engaged in. His talk will be all the better at this time, as more homes will be reached by it.

WILL REMAIN HERE.

ORGANIZE Y. M. C. A.

A MOVEMENT IS ON TO PERFECT AN ORGANIZATION.

IS MUCH NEEDED HERE

State Secretary Banks is Coming to Maryville Soon, When the Matter Will Be Gone Into Fully.

Maryville will probably have soon an organization of the Y. M. C. A., and headquarters will probably be established. While there has been talk of a Y. M. C. A. here for several years, it is now believed that something definite will be done.

James H. Banks, state secretary of the Y. M. C. A., has written that he expects to be in Maryville within the next few weeks for the purpose of conferring with several interested men in regard to the organization and also club rooms here.

The Y. M. C. A. would be a very good thing for Maryville, and there is no reason why we should not have one. As it is now the young men around town have no loafing place except on the streets and other places where the surroundings are not what they should be. With club rooms, a good gymnasium and good books and reading matter, A Y. M. C. A. would certainly be a good thing here.

WILSON CANCELS SPEAKING DATES

New Jersey Governor to Quit Stump Pending Roosevelt's Recovery.

FRIDAY'S SPEECH TO BE THE LAST

Democratic Candidate Does Not Want to be Only Active Candidate in Campaign—To Close at Pittsburg.

Princeton, N. J., Oct. 16.—Gov. Woodrow Wilson late at night announced that he would cancel his speaking engagements, with the exception of those arranged for Thursday and Friday of this week, until Col. Roosevelt is able to take an active part in the campaign. The governor will speak in Delaware, West Virginia and Pennsylvania this week, concluding his campaign in Pittsburgh Friday night.

"I cannot cancel the engagements which are immediately ahead of me," Gov. Wilson said in a statement just issued, "without subjecting those who have arranged them to embarrassment and great unnecessary expense, but I shall cut the series at the earliest possible point.

Would Have No Antagonist.

"President Taft has not taken an active part in the campaign at any time, and I have no desire to be the single candidate on the stump engaged against no active antagonist."

Gov. Wilson was asked if his active speech-making would end on his return next Saturday from Delaware, West Virginia and Pennsylvania.

"Yes," he said, "I have asked my managers to arrange to cancel the engagements in New York and Brooklyn for next Saturday night."

Before issuing his statement Gov. Wilson talked over the long distance telephone to Democratic national headquarters in New York and to his secretary, Joseph P. Tumulty.

Anxious for T. R. Bulletins.

The governor was deeply solicitous for news of Col. Roosevelt and asked the correspondents to keep him informed as to the bulletins issued describing the colonel's condition. He was at his home here all evening, busy most of the time in telephone communication with his campaign managers. He received news about Col. Roosevelt's condition as late as 11 o'clock.

When asked if he would take extra precautions when appearing in public hereafter he said he would not.

"There is nothing that can be done," he declared, "to guard against such attacks. It seems to me the police and secret service guards are useless if a madman determines to attack a man in public life.

NO RULING FROM SUPREME COURT

Suits to Bar Progressives From Ballot Delayed by Adjournment Until November.

Jefferson City, Oct. 16.—There was no ruling from the supreme court in the suits affecting the rights of the Progressive party to have its nominees placed upon the official ballot.

Meantime the Cole county circuit court adjourned until the regular term, the third Monday of next November. No appeal was granted from the decision of Special Circuit Judge C. A. Wurdemann denying an application for an injunction to prevent him from placing the Progressive state and electoral tickets on the official ballot.

Judge Wurdemann was not here in the morning, but the clerk of the circuit court received an official communication from him denying a motion for a rehearing on the injunction proceedings, which was entered on record.

So far as the approaching election is concerned the injunction proceedings against the secretary of state is at an end.

Roosevelt Supporter Shot.

Cleveland, Oct. 16.—Charles Brown, a Roosevelt supporter, was shot by a fanatic who was apparently celebrating the shooting of Col. Roosevelt. Brown had purchased a paper from a newsboy who cried out the news of the shooting, when a man standing near drew a revolver, and shouting "Hurrah," fired two shots, one of which struck Brown. Brown collapsed and the shooter escaped. Brown's wound is not serious.

Giants Win Seventh.

Fenway Park, Boston, Oct. 16.—The first round in the seventh battle for the world's baseball championship here between Bostor and New York filled Boston with gloom, for Joe Wood, the invincible, was knocked off the rubber. Previous to taking the center Wood had beaten the Giants twice and Boston had expected Wood to end the series. The score by innings:

New York	6	1	0	0	0	2	1	0	1	—11 15 2
Boston	0	1	0	0	0	0	2	1	0	— 4 8 2

THE "SINGLE TAX," WHAT IT MEANS

The Truth in a Nut Shell Regarding the New System.

SHIFTS THE BURDEN TO FARMERS

City Skyscrapers, Big Manufacturing Plants, Breweries, Elevators, Etc., Exempted Under Proposed New Law.

"Just what is Single Tax?" is a question heard most frequently, since Missouri is to vote on the question Nov. 5. Here's exactly what Single Tax means and what will happen if Missouri fails to vote NO on the constitutional amendment.

No tax on bonds, notes, mortgages, automobiles, stock, carriages, merchandise or any other form of personal property.

No tax on any building whatsoever.

All taxes on the value of land, exclusive of improvements; and upon corporate franchises.

The results of Single Tax will be:

A shifting of the burden of state and county tax FROM THE CITIES TO THE COUNTRY. The improvements and personal property in the cities are at least two or three times the value of the bare lots—even with the present lax enforcement of the personal property law. The same total annual revenue must be raised under the proposed law as now. The result can only be to make the country pay more taxes and the cities less. Any school boy can figure that out.

In towns there will be a similar shifting from improved lots to unimproved lots.

A skyscraper will pay no tax; and lots under it will pay only as much as the unimproved land in the immediate vicinity. The owner of a lot with a $30,000 mansion on it will pay no more tax than the owner of an adjoining lot with a $2,000 dwelling.

Mr. and Mrs. J. D. Richey went to St. Joseph Wednesday morning to spend the day.

SYRUP OF FIGS IS BEST FOR A CHILD.

If Its Little Tongue is Coated, Breath Feverish, Stomach Sour and Bowels Clogged.

Every mother immediately realizes after giving her child delicious Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and thirty feet of tender bowels so promptly, besides they dearly love its delightful fig taste.

If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that its little insides need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the foul, constipated, clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Adv.

CLEARMONT.

The town council met last Friday evening and took steps to fix the place in the road in the northeast part of town, near the Jim Bailey place. The recent rains had washed across the road there and had damaged the road considerably.

Mr. and Mrs. William Turpen received word Friday of the serious illness of their daughter, Mrs. R. Stuart of Westboro, Mo. She was taken to the hospital at St. Joseph and underwent an operation for gall stones on Monday morning.

A box supper was given at the city hall last Saturday night by the ladies of the Christian church. It was a grand success and the program consisted of recitations, readings and songs. The Clearmont minstrels were fine in their songs and new jokes. The supper, financially, was a great success and netted $50.

The affairs of the public school are moving along smoothly. Prof. Burch is the principal. Among the activities of the students is a literary society, which meets every Tuesday and Friday morning. The program Friday will be conducted by the students of the eighth grade.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of Sage and Sulphur for keeping the hair dark soft and glossy and in good condition As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Iron Beds!

Durable, Sanitary, Attractive!

We want to call your attention to one of our leaders. It is a two-inch continuous post Iron Bed. These beds are made of seamless tubing—other makes have a rough seam where the posts are joined together. If you jar them they break at this seam. With seamless tubing it's different—no rough seams to scratch your hands, no place to break, and it has the neat appearance of a bed that many dealers will ask you more for than we are charging.

WIRES BURDENED WITH SYMPATHY

Hundreds of Telegrams Bear Good Wishes to Wounded Candidate.

FROM FRIENDS AND ADVERSARIES

Those From Persons Unknown to Public Life and Men of Prominence Bore Same Message—Taft Wired From His Yacht.

Chicago, Oct. 16.—The number of telegrams received at Progressive headquarters here ran into many hundreds. Sympathy, indignation, encouragement, admonition to the colonel not to give up his fight and good wishes from political adversaries formed the miscellany of messages stacked deep on a long table in the office.

A cablegram from Kermit Roosevelt, his father's hunting companion, came from Brazil. A telegram signed "Ted" was from Theodore, Jr. James J. Corbett, Col. Henry Watterson, W. J. Bryan, all the justices of the United States supreme court, John Doxsee, fisherman of Oyster Bay; governors of states, heads of associations and civic bodies, persons unknown to fame and men of world wide prominence were among the signers of dispatches.

From a Rough Rider's Mother.

Many of the telegrams were held at the headquarters, but the personal messages were sent at once to Mercy hospital, where his physicians permitted him to read them when he was not sleeping.

One of the most touching was from the mother of Capt. "Bucky" O'Neil of the Rough Riders, who fell in Cuba and who was the subject of a warm eulogy by the colonel in his memoirs of the Cuban campaign. It read:

> God bless you, colonel. The mother of Bucky O'Neil prays for your recovery.
>
> MARY O'NEIL.

The telegrams of the members of the supreme court, of the diplomatic corps and of members of congress and elsewhere, made an imposing stack.

This From President Taft.

The following telegram came from President Taft:

> Yacht Mayflower, Brooklyn, N. Y., Oct. 16.—Col. Roosevelt: I am greatly shocked to hear of the outrageous and deplorable assault made upon you. I earnestly hope and pray that your recovery will be speedy and without suffering.
>
> WILLIAM H. TAFT.

The following telegram was sent by William F. McCombs, chairman of the Democratic national committee.

> It is with profound regret that I have heard of the attack on your life. I am sincerely thankful that your injuries are only slight and hope that your recovery will be immediate.

MINE STRIKERS IN UGLY MOOD

Greeks and Austrians at Ely, Nevada, Using Guns and Clubs on Those Who Would Work.

Ely, Nev., Oct., 15.—Two hundred men coming to work at Steptoe Smelter at McGill were met by fifty Greek and Austrian strikers with revolvers and clubs and driven away. The outside of the inclosure was picketed by the strikers, who stopped all comers.

Striking Greeks fired upon James Saunders, a negro switchman, who fled to his home and defended himself with a shotgun until officers rescued him. An American mechanic, pursued by strikers, was dragged from concealment in a boarding house and threatened with violence, but finally was released.

Strikers surrounded C. V. Jenkins, business manager of the Steptoe smelter and were holding revolvers at his head when office employes came to his assistance.

Kansas Editors in Session.

Dodge City, Kan., Oct. 16.—Fifty-two of the newspaper editors of the seventh and eighth congressional districts of Kansas gathered here for the semi-annual meeting of the Southwestern Kansas Editorial association. The attendance was the largest which has been registered at any of the southwestern association meetings for the past five years.

Mrs. Roosevelt Feared It.

Washington, Oct. 16.—It has just become known that Mrs. Roosevelt was much opposed to Col. Roosevelt again entering the race for the presidency on account of the fear that he would expose himself to just such an assault as was attempted on him in Milwaukee.

Voted Water Bonds.

Belle Plaine, Kan., Oct. 16.—Belle Plaine held an election to vote bonds for water works and electric lights. The bonds carried by a majority of 22 votes out of 159 cast.

Boy Dragged to Death.

Reading, Kan., Oct. 16.—Harry Telfer, 18 years old, son of John Telfer, a farmer living near here, was killed by being dragged beneath a corn-binder.

Founder of Potter, Kan., Dead.

Potter, Kan., Oct. 16.—Joseph Potter, the man in whose honor this town was named, died at his home a mile east of here. He was 93 years old.

A PLAN TO MAKE THE POOR POORER

An Authority on "Single Tax" Says Farmers Would Suffer.

A COLLEGE PROFESSOR'S VIEWS

After Careful Study, Prof. Seligman of Columbia University, Says Single Tax Is Defective from Every Point of View.

Missouri farmers, home owners, land owners, and citizens in general are interested in the study of Single Tax these days, as the question as to whether Missouri is to have Single Tax or not is to be decided at the election on November 5th. Others besides Missourians also have been studying the problem. Professor Seligman, of Columbia University, one of the leading authorities on political economy, sums up the results of his investigations in the following words (pages 93 and 94 of his book "The Single Tax."):

"We have studied the Single Tax from different points of view; and we have seen that it is defective fiscally, politically, morally and economically. We have learned, first, that it would be inelastic, and that it would intensify the inequalities resulting from unjust assessments; secondly, that although itself proposed chiefly from social considerations it would prevent the government from utilizing the taxing power for other social purposes, and that it would divorce the interests of the people from those of the government; thirdly, that it would offend against the canons of universality and equality of taxation, and that it would seriously exaggerate the difference between profits from land and profits from other sources; and finally, that it would be entirely inadequate in poor and new communities, that it would generally have an injurious influence on the farmer, and that even in the large urban centers it would exempt large sections of the population without bringing any substantial relief to the poorer classes. * * * * *

"Even as a method of tax reform, the scheme is, as we have seen, a mistaken one. Our system of taxation is far from being ideal, or even comparatively just; for we are still clinging, in a great degree, to mediaval errors. But whatever be the much-needed reform, it is safe to say that neither the common people nor the student will ever accept a scheme which is palpably unjust, which abandons the whole ideal theory of modern taxation—that of relative ability or faculty—and which seeks to put the burdens of the many on the shoulders of the few."

SINGLE TAX AND SPECULATORS

HOW THE FARMER WOULD FARE IN A WHEAT CORNER.

Rich Owners of Elevators Could Fill Their Plants With Cheap Wheat With No Taxes to Pay.

If the Single Tax Amendment is adopted by Missouri at the election Nov. 5, personal property will pay no taxes and buildings will pay no taxes. Land alone, exclusive of improvements and franchises, will pay all the taxes and the tax rate will be unlimited.

This offers a premium to the speculator to hoard farm products and raise or lower their price. How will it work?

Mr. Grainman owns a chain of elevators. They stand on ground that is of little value outside of small towns. The buildings and machinery are worth hundreds of thousands of dollars. He fills these elevators with a million dollars worth of wheat, buying when the price is low. Under Single Tax the buildings, the machinery and the wheat will pay no taxes. His only taxes will be on the land on which the buildings stand.

The speculator can between crop times, corner the market and sell half his stock at high prices. When the new crop comes can with the other half flood the market, break the price and refill his elevators, buying from the farmer at the low price he has made. He can repeat this operation as often as he pleases and do this under a law that exempts him from taxes.

Under those conditions the farmer will get a body blow whichever way he turns. He will be compelled to sell his wheat to a speculator at the lowest price, while the land on which the farmer raises that wheat will pay all the taxes.

Fine for the speculator, but where does the farmer get off?

PARTIES AGAINST SINGLE TAX

Planks in Both Conventions at Jefferson City, September 10th.

At the Republican and Democratic Conventions held at Jefferson City, September 10th, each party incorporated a plank in its platform declaring against Single Tax. These anti-single tax expressions on the part of the two great bodies adopting them are indicative both of the importance of the issue to be decided next November and the attitude of each party's constituency regarding the proper meeting of the same.

LET ME SHOW YOU WYOMING!

You may have questioned some of the statements you have heard about the wonderful crop yields obtained by Wyoming farmers—particularly those in the Big Horn Basin, but if you will visit that country and talk with some of the farmers from Illinois, Iowa and Missouri who have settled there, you will readily understand why they feel so optimistic.

A former Iowa man recently wrote me as follows:

"I believe there is no better location in the west than just where I am, and I heartily advise my friends to look over the fine irrigated land that is open to entry on the Shell creek tract, if they are interested in acquiring a home in a progressive, rapidly developing locality. I have planted an apple orchard on part of my land and shall enlarge it considerably this next spring; during this past season I received returns that were more than satisfactory from quite an area which I truck farmed, in spite of the fact that this was the first year the land had been cultivated."

What this man has done is not at all unusual. There is no good reason why you can't do it, too, provided you get your place picked out before all the good land is taken up.

In order to make it easy for you to look the basin over without too much expense, the Burlington Route will run special homeseekers' excursions from Omaha on October 15th and November 5th. Can't you go with me and see for yourself just what the opportunities are in this section?

Just write me on what day you can go—a postal will do, and I will send you our folder and tell you just how and where to meet me in Omaha. D. Clem Deaver, immigration agent, Burlington Route, room 338, Q building, Omaha, Neb.

Cleveland H. Dodge Tells Clapp Committee of Heavy Contributions to Wilson Fund.

Washington, Oct. 16.—Cleveland H. Dodge, who collected $85,000 for Gov. Wilson's campaign, which included $12,500 from Cyrus H. McCormick told the Clapp committee he realized "there might be some question" about the McCormick money and asked Mr. McCormick to take the money back. The question finally was left to Gov. Wilson.

"The governor said he was not afraid to take it," said Dodge.

Senator Oliver's questions brought out that Thomas D. Jones, another contributor to the fund, was connected with the harvester company. Mr. Jones and his brother gave $10,500 each.

A MEASUREMENT OF MERIT.

Maryville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence.
Convincing evidence in Maryville.
Is not the testimony of strangers,
But the endorsement of Maryville people.

That's the kind of proof given here—
The statement of a Maryville citizen.

J. A. Murphy, 805 East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney trouble and lumbago. I got up in the morning so stiff and lame, with such a dull aching across my loins that I could hardly do my work. I suffered a great deal from kidney trouble whenever I caught cold, and the kidney secretions were dark and filled with sediment. My health failed and I was miserable, when I read about Doan's Kidney Pills. I got a box of this remedy at Love's drug store (now Love & Gaugh's drug store), and it went at once to the seat of my trouble and corrected it."

FRED W. UPHAM

Fred W. Upham of Chicago, who was assistant treasurer of the Republican national committee in 1908, told the senate committee that he raised a fund that year of $598,320 for the election of Taft, but returned to C. P. Taft a contribution of $50,000 that was not needed.

PEACE PROTOCOL IS SIGNED

WAR BETWEEN ITALY AND TURKEY IS ENDED.

After Months of Bitter Diplomatic Strife for Mastery, Terms are Arranged.

Ouchy, Switzerland, Oct. 16.—After months of diplomatic strife for better terms the Ottoman and Italian plenipotentiaries have signed the protocol of a peace treaty, which ends the war between Italy and Turkey and, incidentally, relieves the Ottoman empire of a crushing handicap in the forthcoming struggle in the Balkans.

The precise terms will not be available until a definite treaty is signed at the end of the week, probably at Lausanne. The tenor, however, is well known. The treaty will provide for absolute sovereignty of Italy in Lybia, without formal recognition there of Italy by Turkey; free exercise of religious authority by the Khalif; Turkey to withdraw her regular troops from Lybia; Italy to pay an indemnity equivalent to Lybia's contributions to the Ottoman treasury; restitution of the captured islands to Turkey with guarantees for the Christian people; no indemnity payable by either side toward the cost of the war, and re-establishment of former diplomatic and commercial relations.

Italy declared war against Turkey on September 29, 1911, and promptly invaded Tripoli. A blockade of the coast of Tripoli and Cyrenaica was begun by the Italian fleet. Various coast towns were bombarded, and in a naval battle many of the Turkish ships were crippled. The coast now is held by Italy, while the Turks and Arabs occupy the interior.

WIRES STRETCHED ACROSS ROAD

Wichita Widow Nearly Decapitated When Motor Car Passed Under Obstruction.

Wichita, Kan., Oct. 16.—Mrs. H. Samuels, widow of the late Prof. Samuels of this city, was nearly decapitated by being struck across the throat by a heavy wire stretched across a roadway in Riverside park. Physicians fear the injury and shock may prove fatal.

Two wires had been strung across a road in Riverside park to keep teams from interfering with a picnic. Mrs. Samuels, with a party of friends, came past in a motor car. The lower wire struck the front of the engine and the driver stopped short, but not before the upper wire had glanced across the top of the windshield and caught Mrs. Samuels across the throat.

EXILE CAME BACK HOME TO DIE

Aged Pastor Had Resigned and Went to Scotland Under Threat of Death.

Philadelphia, Oct. 16.—An exile, under threat of death, the Rev. Dr. Simon C. Hill, 76 years old, for 38 years pastor of the Grace Presbyterian Episcopal church, Mount Airy, has just died of heart disease at Newport.

The aged minister resigned and went to Scotland last July, when a wealthy busness man, member of the congregation, threatened to shoot him because of his attitude toward the member's 14-year-old daughter.

While abroad he wrote several letters to members of the vestry, and in all of them he complained of loneliness and that his heart was breaking over the severance of his connection with the old church. Recently he returned and went to Newport.

Proclaims "Seed Corn Week."

Jefferson City, Oct. 16.—Gov. Hadley issued a proclamation setting aside the week beginning Monday, October 21, and ending October 26, as "seed corn gathering week," and calling upon the farmers to observe this period by the selection of their seed corn for next spring's planting. He directed attention to the bumper crop, which he attributed in some degree to better seed corn, more scientific cultivation and rotation of crops.

GAS, SOURNESS AND INDIGESTION VANISH.

As Soon as "Pape's Diapepsin" Gets in Stomach All Distress is Gone.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

BONDS TO BE VOTED

TO BUILD CONCRETE CULVERTS IN POLK TOWNSHIP.

ESTIMATE BEING MADE

State Deputy Highway Engineer is Looking Over Township Bridges—Suggest Plan for Lee Road.

W. C. Davidson, state deputy highway engineer, arrived in Maryville Wednesday, and in company with Paul Sisson and J. F. Roelofson, two members of the Agricultural and Live Stock association, and Judge J. H. Thornhill of the county court, made an inspection trip of the culverts and bridges of Polk township this afternoon. Mr. Davidson is to make an estimate of what it will cost to put in concrete culverts in this township, and will also make suggestions as to the plans.

Mr. Davidson came here at the request of the Nodaway County Agricultural and Live Stock association, which is planning on having a special elections in Polk township to vote bonds for concrete bridges. The board of directors of the association has not definitely decided on the bond issue, but all seem to be in favor of having one soon.

Mr. Davidson has suggested a plan for making the Lee road, east of the city. He was here a month ago looking over the road, and the commissioners in charge, Anderson Craig, A. F. Croy and J. L. Partridge are to use his plan. Mr. Davidson's plan is to first lay a bed of sand six inches deep, then one and a half inches of clay, then about four inches of sand, then an inch of clay, and to mix it all up. The road is to be made for one and a half miles, and the commissioners recently received $1,000 from the state to duplicate the amount spent by them last year and a year ago. The commissioners have just purchased 900 loads of fine gravel for the work.

MONSTER MISSIONARY MEET.

Lay Members of Churches Coming From All Over the Country to St. Joseph.

On October 24 and 25 there will be held in St. Joseph the greatest missionary convention ever gathered in the west. This convention is that of the laymen's missionary movement which had its inception at Washington, D. C., five years ago. The movement is interdenominational in nature and is not for the purpose of collecting money for missionary work, but to incite lay members of churches, men by the way, in a greater interest in missionary work and missions in general.

Prominent among those who will come for the big convention, which is to be held in the Auditorium, and at which from 1,000 to 1,500 men are expected to gather, will be Col. E. H. Halford of the United States army, and former secretary to President Harrison; J. Campbell White, New York; William Millar, New York, and prominent lay mission enthusiasts from all over the country. The convention will close with a dinner, at which prominent laymen will speak, and which will be one of the big features of the convention.

ROOSEVELT EASY

HAD A COMFORTABLE NIGHT TO HIMSELF LAST NIGHT.

NO VITAL ORGAN TOUCHED

Bullet Has Been Located and There is no Danger Unless Blood Poisoning Sets in—Hard to Control.

Dispatches from Chicago late this afternoon says that the condition of Theodore Roosevelt is about the same after a good night's sleep. The only danger now seems to be blood poisoning.

Chicago, Oct. 16.—From 8 o'clock on, Col. Roosevelt enjoyed the "first real comfortable evening to himself" he has had in many days. That he wasn't quiet all day was due to himself, and over his physicians' protests, he insisted upon seeing the reporters and other callers at Mercy hospital where he is being treated.

The doctors have agreed that his wound is not merely superficial, but that it is a "deep and serious wound in the chest." No vital organ was touched, and the only danger seems to be possible blood poisoning.

The bullet has been found by X-ray photographs, but has not been probed for. As the doctors told the colonel, "The wound, itself, isn't bothering us, it is you," then explained they wished him to keep as quiet as possible.

The Wound Described.

Roosevelt's wound was described by Dr. Terrell as being just above the tenth rib, three inches deep and above the diaphram.

"There is positively no indication at present that the lung has been pierced," said Dr. Terrell. "The wound is a simple one, but dangerous because of the possibility of blood poisoning."

A late bulletin, which prohibited communication between the colonel and persons, other than those who are attending him, declared that "quietude is absolutely essential."

The physicians asserted, however, that it was not now necessary to probe for, or remove the bullet. The patient will be kept as calm as his nature will allow for a few days.

At midnight Col. Roosevelt was soundly sleeping and was expected to sleep until morning.

Col. Roosevelt awoke soon after 2 o'clock a. m. He said he felt no pain. His pulse showed a fall of four beats since midnight, nearly normal. Temperature, 88.8 pulse 80, respiration 18.

The colonel joked with his nurse and then called for a book and began to read.

INTEREST IS INCREASING.

In Revival Services at Baptist Church—Subject Tonight "The Cross of Christ."

The interest in the meeting at the Baptist church is increasing with every service. There was one addition for baptism Tuesday night. The subject of the discourse was "God's Perfect Remedy in Christ." In his sermon Rev. Smith emphasized the fact that man without Jesus Christ is a failure. God, however, has provided a perfect remedy in the person of Jesus Christ.

Tuesday afternoon there was a most interesting day service. Many took part in prayer, song and testimony. The presence of the M. E., South, congregation was greatly appreciated.

This evening the subject of the sermon will be "The Cross of Christ." There will also be a prayer and praise service every day at 2:30 p. m. throughout the week. Everybody is cordially invited to attend these services.

ACCEPTANCE HERE

WATER COMPANY FORMALLY ACCEPTS OFFER OF CITY.

BONDS WILL BE ISSUED

And Plant Will Be Taken Over on or Before January 1—To Make Many Improvements.

The board of public works received Wednesday the written acceptance of the water company for the sale of their plant for $50,000 to the city. All that remains now for the city to own the plant is to issue bonds.

The city council will meet in a few days, at which time the proposition will be ratified and an order made to issue $100,000 bonds. Then the bonds will be registered and placed on the market for sale. The entire bonds will not be issued at this time.

It is thought that the deal for the plant can be closed within thirty days. Some improvements will be made at the plant this fall, and then the board has many plans for the future, which they intend to carry out. One of these is for a well supply of water and another thorough test is to be made to see if sufficient water can be secured from wells on the Wright place, east of the Wabash track, east of Maryville.

The following is the written acceptance of the city's offer of $50,000 for the water plant, by the water company:

E. L. Townsend, President, S. G. Gillam, Secretary of the Board of Public Works of the City of Maryville, Maryville, Mo.: Gentlemen—Your proposition addressed to the City Water company of Maryville, Mo., proposing to pay to said company the sum of fifty thousand dollars ($50,000) in cash not later than January 1, 1913, is before us. Your said proposition in writing being as follows, to-wit:

"To the City Water Company of Maryville, Mo.: Gentlemen—The board of public works of the city of Maryville, Nodaway county, Mo., being authorized thereto by the city council of said city, does respectfully submit the following proposition:

"The said city of Maryville offers to purchase your water works system, including the whole of said system and appurtenances thereunto belonging, real estate, rights, privileges and all personal property belonging to said system and used in connection therewith, and also including the interest of your company in what is known as the Bellows and Robinson extensions, but not including the fuel, oil, lime, and packing which said company may have on hand at the time of transfer, and as a consideration for said water plant or system the city will pay your said company the sum of fifty thousand dollars in cash, and in addition there to will pay in cash for the fuel, oil, lime and packing which may be on hands at the time of transfer the cost price thereof, delivered at the pumping station of said plant.

"The said purchase price shall be paid at such time, not later than January 1, 1913, as said water company shall be able to deliver possession and good and sufficient title to said water plant to the city of Maryville, free and clear of all encumbrances, liens or claims whatsoever against the same, and the city shall be able to make payment therefor.

"The said city to assume the obligations of your said company as to the aforementioned Bellows and Robinson extensions.

"Respectfully submitted.

"BOARD OF PUBLIC WORKS.

"(Signed)

"E. L. TOWNSEND, President.

"S. G. GILLAM, Secretary."

We now desire to advise you that your proposition is now and by these presents is formally accepted.

Yours truly,

CITY WATER COMPANY OF MARYVILLE.

WILL REPEAT THEIR SHOW.

Maryville Band Minstrels Played to a Big House at the Empire Tuesday Night—Again Tonight.

Maryville's Merry Minstrels gave a very creditable performance at the Empire Tuesday night under the auspices of the Maryville band. Mr. P. M. Webster, who directed the work of the minstrels, may well feel satisfied with the show, for the enthusiasm with which all the participants were received should be enough to convince any one of the merit of each.

The six merry jesters, H. R. Hancock, Glen Goff, Lou Denny, Frank Schumacher, Edward Gray and Lester Bennett, were the hits of the evening, of course. Much of their singing and general cutups were as good as professionals, while the wooden shoe dances by Epi Adle and Frank Butherus, and the acrobatic stunts of Price and Ellsberry were fine.

Mr. Becker was splendid in his place as interlocutor, and every bit of the music was fine, choruses, solos and all.

Be sure and hear them all tonight. Some new things will be introduced, so those who heard them last night will be entertained anew this evening if they wish.

News of Society and Womens' Clubs

Guests From Graham.

Mrs. W. H. Anderson and daughter, Mrs. W. B. Gex, of near Graham came to Maryville Tuesday for a two days' visit with Mr. and Mrs. John Anderson of Grand avenue, and were their guests at the minstrel show Tuesday night given by the Maryville band boys.

Tourists Met Tuesday.

Mrs. Ferdinand Townsend's home was the place of meeting for the Tourist department of the Twentieth Century club Tuesday afternoon. The members took up their second lesson on Germany. A study of the Frankish kings was given by Miss Jessie Parcher; Mrs. W. M. Wallis, Jr., followed with "How Christianity Came Into Germany;" "Charlemagne and the Holy Roman Empire," by Mrs. J. A. Lesh; a description of her trip down the Rhine two years ago was given by Mrs. George P. Bellows. At the close of the program Prof. P. O. Landon gave a very interesting talk on Bach's compositions and the forms of music.

Mother's Circle November 6.

The Mothers' Circle of this city are planning for a splendid afternoon on Wednesday, November 5. They will entertain the Pickering Mothers' club that day, and Rev. Claude J. Miller of the First Christian church will deliver an address, and Miss Hettie Anthony of the domestic science department of the Northwest Normal will speak on "Food Sanitation." There will be fine music and other good features. A luncheon will be served and the meeting of the two clubs is expected to bring about a united movement for all that mothers' clubs stand, and make their work more effective. Rev. Miller's address was to have been given some time ago, but was postponed on account of the Burlington Junction meetings he was engaged in. His talk will be all the better at this time, as more homes will be reached by it.

ORGANIZE Y. M. C. A.

A MOVEMENT IS ON TO PERFECT AN ORGANIZATION.

IS MUCH NEEDED HERE

State Secretary Banks is Coming to Maryville Soon, When the Matter Will Be Gone Into Fully.

Maryville will probably have soon an organization of the Y. M. C. A., and headquarters will probably be established. While there has been talk of a Y. M. C. A. here for several years, it is now believed that something definite will be done.

James H. Banks, state secretary of the Y. M. C. A., has written that he expects to be in Maryville within the next few weeks for the purpose of conferring with several interested men in regard to the organization and also club rooms here.

The Y. M. C. A. would be a very good thing for Maryville, and there is no reason why we should not have one. As it is now the young men around town have no loafing place except on the streets and other places where the surroundings are not what they should be. With club rooms, a good gymnasium and good books and reading matter, A Y. M. C. A. would certainly be a good thing here.

WILSON CANCELS SPEAKING DATES

New Jersey Governor to Quit Stump Pending Roosevelt's Recovery.

FRIDAY'S SPEECH TO BE THE LAST

Democratic Candidate Does Not Want to be Only Active Candidate in Campaign—To Close at Pittsburg.

Princeton, N. J., Oct. 16.—Gov. Woodrow Wilson late at night announced that he would cancel his speaking engagements, with the exception of those arranged for Thursday and Friday of this week, until Col. Roosevelt is able to take an active part in the campaign. The governor will speak in Delaware, West Virginia and Pennsylvania this week, concluding his campaign in Pittsburgh Friday night.

"I cannot cancel the engagements which are immediately ahead of me," Gov. Wilson said in a statement just issued, "without subjecting those who have arranged them to embarrassment and great unnecessary expense, but I shall cut the series at the earliest possible point.

Would Have No Antagonist.

"President Taft has not taken an active part in the campaign at any time, and I have no desire to be the single candidate on the stump engaged against no active antagonist."

Gov. Wilson was asked if his active speech-making would end on his return next Saturday from Delaware, West Virginia and Pennsylvania.

"Yes," he said, "I have asked my managers to arrange to cancel the engagements in New York and Brooklyn for next Saturday night."

Before issuing his statement Gov. Wilson talked over the long distance telephone to Democratic national headquarters in New York and to his secretary, Joseph P. Tumulty.

Anxious for T. R. Bulletins.

The governor was deeply solicitous for news of Col. Roosevelt and asked the correspondents to keep him informed as to the bulletins issued describing the colonel's condition. He was at his home here all evening, busy most of the time in telephone communication with his campaign managers. He received news about Col. Roosevelt's condition as late as 11 o'clock.

When asked if he would take extra precautions when appearing in public hereafter he said he would not.

"There is nothing that can be done," he declared, "to guard against such attacks. It seems to me the police and secret service guards are useless if a madman determines to attack a man in public life.

NO RULING FROM SUPREME COURT

Suits to Bar Progressives From Ballot Delayed by Adjournment Until November.

Jefferson City, Oct. 16.—There was no ruling from the supreme court in the suits affecting the rights of the Progressive party to have its nominees placed upon the official ballot.

Meantime the Cole county circuit court adjourned until the regular term, the third Monday of next November. No appeal was granted from the decision of Special Circuit Judge C. A. Wurdemann denying an application for an injunction to prevent him from placing the Progressive state and electoral tickets on the official ballot.

Judge Wurdemann was not here in the morning, but the clerk of the circuit court received an official communication from him denying a motion for a rehearing on the injunction proceedings, which was entered on record.

So far as the approaching election is concerned the injunction proceedings against the secretary of state is at an end.

Roosevelt Supporter Shot.

Cleveland, Oct. 16.—Charles Brown, a Roosevelt supporter, was shot by a fanatic who was apparently celebrating the shooting of Col. Roosevelt. Brown had purchased a paper from a newsboy who cried out the news of the shooting, when a man standing near drew a revolver, and shouting "Hurrah," fired two shots, one of which struck Brown. Brown collapsed and the shooter escaped. Brown's wound is not serious.

Giants Win Seventh.

Fenway Park, Boston, Oct. 16.—The first round in the seventh battle for the world's baseball championship here between Boston and New York filled Boston with gloom, for Joe Wood, the invincible, was knocked off the rubber. Previous to taking the center Wood had beaten the Giants twice and Boston had expected Wood to end the series. The score by innings:

New York	0	1	0	0	0	2	1	0	1	—11 15 2
Boston	0	1	0	0	0	0	2	1	0	— 4 8 2

Two Kansans Wounded.

THE "SINGLE TAX," WHAT IT MEANS

The Truth in a Nut Shell Regarding the New System.

SHIFTS THE BURDEN TO FARMERS

City Skyscrapers, Big Manufacturing Plants, Breweries, Elevators, Etc., Exempted Under Proposed New Law.

"Just what is Single Tax?" is a question heard most frequently, since Missouri is to vote on the question Nov. 5. Here's exactly what Single Tax means and what will happen if Missouri fails to vote NO on the constitutional amendment.

No tax on bonds, notes, mortgages, automobiles, stock, carriages, merchandise or any other form of personal property.

No tax on any building whatsoever.

All taxes on the value of land, exclusive of improvements; and upon corporate franchises.

The results of Single Tax will be:

A shifting of the burden of state and county tax FROM THE CITIES TO THE COUNTRY. The improvements and personal property in the cities are at least two or three times the value of the bare lots—even with the present lax enforcement of the personal property law. The same total annual revenue must be raised under the proposed law as now. The result can only be to make the country pay more taxes and the cities less. Any school boy can figure that out.

In towns there will be a similar shifting from improved lots to unimproved lots.

A skyscraper will pay no tax; and lots under it will pay only as much as the unimproved land in the immediate vicinity. The owner of a lot with a $30,000 mansion on it will pay no more tax than the owner of an adjoining lot with a $2,000 dwelling.

Mr. and Mrs. J. D. Richey went to St. Joseph Wednesday morning to spend the day.

CLEARMONT.

The town council met last Friday evening and took steps to fix the place in the road in the northeast part of town, near the Jim Bailey place. The recent rains had washed across the road there and had damaged the road considerably.

Mr. and Mrs. William Turpen received word Friday of the serious illness of their daughter, Mrs. R. Stuart of Westboro, Mo. She was taken to the hospital at St. Joseph and underwent an operation for gall stones on Monday morning.

A box supper was given at the city hall last Saturday night by the ladies of the Christian church. It was a grand success and the program consisted of recitations, readings and songs. The Clearmont minstrels were fine in their songs and new jokes. The supper, financially, was a great success and netted $50.

The affairs of the public school are moving along smoothly. Prof. Burch is the principal. Among the activities of the students is a literary society, which meets every Tuesday and Friday morning. The program Friday will be conducted by the students of the eighth grade.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of Sage and Sulphur for keeping the hair dark soft and glossy and in good condition. As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

WIRES BURDENED WITH SYMPATHY

Hundreds of Telegrams Bear Good Wishes to Wounded Candidate.

FROM FRIENDS AND ADVERSARIES

Those From Persons Unknown to Public Life and Men of Prominence Bore Same Message—Taft Wired From His Yacht.

Chicago, Oct. 16.—The number of telegrams received at Progressive headquarters here ran into many hundreds. Sympathy, indignation, encouragement, admonition to the colonel not to give up his fight and good wishes from political adversaries formed the miscellany of messages stacked deep on a long table in the office.

A cablegram from Kermit Roosevelt, his father's hunting companion, came from Brazil. A telegram signed "Ted" was from Theodore, Jr. James J. Corbett, Col. Henry Watterson, W. J. Bryan, all the justices of the United States supreme court, John Doxsee, fisherman of Oyster Bay; governors of states, heads of associations and civic bodies, persons unknown to fame and men of world wide prominence were among the signers of dispatches.

From a Rough Rider's Mother.

Many of the telegrams were held at the headquarters, but the personal messages were sent at once to Mercy hospital, where his physicians permitted him to read them when he was not sleeping.

One of the most touching was from the mother of Capt. "Bucky" O'Neil of the Rough Riders, who fell in Cuba and who was the subject of a warm eulogy by the colonel in his memoirs of the Cuban campaign. It read:

> God bless you, colonel. The mother of Bucky O'Neil prays for your recovery.
>
> MARY O'NEIL.

The telegrams of the members of the supreme court, of the diplomatic corps and of members of congress and elsewhere, made an imposing stack.

This From President Taft.

The following telegram came from President Taft:

> Yacht Mayflower, Brooklyn, N. Y., Oct. 16.—Col. Roosevelt: I am greatly shocked to hear of the outrageous and deplorable assault made upon you. I earnestly hope and pray that your recovery will be speedy and without suffering.
>
> WILLIAM H. TAFT.

The following telegram was sent by William F. McCombs, chairman of the Democratic national committee.

> It is with profound regret that I have heard of the attack on your life. I am sincerely thankful that your injuries are only slight and hope that your recovery will be immediate.

MINE STRIKERS IN UGLY MOOD

Greeks and Austrians at Ely, Nevada, Using Guns and Clubs on Those Who Would Work.

Ely, Nev., Oct., 15.—Two hundred men coming to work at Steptoe Smelter at McGill were met by fifty Greek and Austrian strikers with revolvers and clubs and driven away. The outside of the inclosure was picketed by the strikers, who stopped all comers.

Striking Greeks fired upon James Saunders, a negro switchman, who fled to his home and defended himself with a shotgun until officers rescued him. An American mechanic, pursued by strikers, was dragged from concealment in a boarding house and threatened with violence, but finally was released.

Strikers surrounded C. V. Jenkins, business manager of the Steptoe smelter and were holding revolvers at his head when office employes came to his assistance.

A PLAN TO MAKE THE POOR POORER

An Authority on "Single Tax" Says Farmers Would Suffer.

A COLLEGE PROFESSOR'S VIEWS

After Careful Study, Prof. Seligman of Columbia University, Says Single Tax Is Defective from Every Point of View.

Missouri farmers, home owners, land owners, and citizens in general are interested in the study of Single Tax these days, as the question as to whether Missouri is to have Single Tax or not is to be decided at the election on November 5th. Others besides Missourians also have been studying the problem. Professor Seligman, of Columbia University, one of the leading authorities on political economy, sums up the results of his investigations in the following words (pages 93 and 94 of his book "The Single Tax."):

"We have studied the Single Tax from different points of view; and we have seen that it is defective fiscally, politically, morally and economically. We have learned, first, that it would be inelastic, and that it would intensify the inequalities resulting from unjust assessments; secondly, that although itself proposed chiefly from social considerations it would prevent the government from utilizing the taxing power for other social purposes, and that it would divorce the interests of the people from those of the government; thirdly, that it would offend against the canons of universality and equality of taxation, and that it would seriously exaggerate the difference between profits from land and profits from other sources; and finally, that it would be entirely inadequate in poor and new communities, that it would generally have an injurious influence on the farmer, and that even in the large urban centers it would exempt large sections of the population without bringing any substantial relief to the poorer classes. * * * * *

"Even as a method of tax reform, the scheme is, as we have seen, a mistaken one. Our system of taxation is far from being ideal, or even comparatively just; for we are still clinging, in a great degree, to mediaval errors. But whatever be the much-needed reform, it is safe to say that neither the common people nor the student will ever accept a scheme which is palpably unjust, which abandons the whole ideal theory of modern taxation—that of relative ability or faculty—and which seeks to put the burdens of the many on the shoulders of the few."

SINGLE TAX AND SPECULATORS

HOW THE FARMER WOULD FARE IN A WHEAT CORNER.

Rich Owners of Elevators Could Fill Their Plants With Cheap Wheat With No Taxes to Pay.

If the Single Tax Amendment is adopted by Missouri at the election Nov. 5, personal property will pay no taxes and buildings will pay no taxes. Land alone, exclusive of improvements and franchises, will pay all the taxes and the tax rate will be unlimited.

This offers a premium to the speculator to hoard farm products and raise or lower their price. How will it work?

Mr. Grainman owns a chain of elevators. They stand on ground that is of little value outside of small towns. The buildings and machinery are worth hundreds of thousands of dollars. He fills these elevators with a million dollars worth of wheat, buying when the price is low. Under Single Tax the buildings, the machinery and the wheat will pay no taxes. His only taxes will be on the land on which the buildings stand.

The speculator can between crop times, corner the market and sell half his stock at high prices. When the new crop comes can with the other half flood the market, break the price and refill his elevators, buying from the farmer at the low price he has made. He can repeat this operation as often as he pleases and do this under a law that exempts him from taxes.

Under those conditions the farmer will get a body blow whichever way he turns. He will be compelled to sell his wheat to a speculator at the lowest price, while the land on which the farmer raises that wheat will pay all the taxes.

Fine for the speculator, but where does the farmer get off?

PARTIES AGAINST SINGLE TAX

Planks in Both Conventions at Jefferson City, September 10th.

At the Republican and Democratic Conventions held at Jefferson City, September 10th, each party incorporated a plank in its platform declaring against Single Tax. These anti-single tax expressions on the part of the two great bodies adopting them are indicative both of the importance of the issue to be decided next November and the attitude of each party's constituency regarding the proper meeting of the same.

LET ME SHOW YOU WYOMING!

You may have questioned some of the statements you have heard about the wonderful crop yields obtained by Wyoming farmers—particularly those in the Big Horn Basin, but if you will visit that country and talk with some of the farmers from Illinois, Iowa and Missouri who have settled there, you will readily understand why they feel so optimistic.

A former Iowa man recently wrote me as follows:

"I believe there is no better location in the west than just where I am, and I heartily advise my friends to look over the fine irrigated land that is open to entry on the Shell creek tract, if they are interested in acquiring a home in a progressive, rapidly developing locality. I have planted an apple orchard on part of my land and shall enlarge it considerably this next spring; during this past season I received returns that were more than satisfactory from quite an area which I truck farmed, in spite of the fact that this was the first year the land had been cultivated."

What this man has done is not at all unusual. There is no good reason why you can't do it, too, provided you get your place picked out before all the good land is taken up.

In order to make it easy for you to look the basin over without too much expense, the Burlington Route will run special homeseekers' excursions from Omaha on October 15th and November 5th. Can't you go with me and see for yourself just what the opportunities are in this section?

Just write me on what day you can go—a postal will do, and I will send you our folder and tell you just how and where to meet me in Omaha. D. Clem Deaver, immigration agent, Burlington Route, room 338, Q building, Omaha, Neb.

RAISED $85,000 FOR CAMPAIGN

Cleveland H. Dodge Tells Clapp Committee of Heavy Contributions to Wilson Fund.

Washington, Oct. 16.—Cleveland H. Dodge, who collected $85,000 for Gov. Wilson's campaign, which included $12,500 from Cyrus H. McCormick told the Clapp committee he realized "there might be some question" about the McCormick money and asked Mr. McCormick to take the money back. The question finally was left to Gov. Wilson.

"The governor said he was not afraid to take it," said Dodge.

Senator Oliver's questions brought out that Thomas D. Jones, another contributor to the fund, was connected with the harvester company. Mr. Jones and his brother gave $10,500 each.

Two Swiss Fliers Killed.

Berne, Switzerland, Oct. 16.—A double flying fatality occurred at Chaux-de-Fonda, near Neuchatel. The cause of the accident is not known.

The rebels came down from their original demand for $15,000. E. C. Polly, his business associate, is a prisoner with Cameron. A MEASUREMENT OF MERIT.

Maryville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence.
Convincing evidence in Maryville.
Is not the testimony of strangers,
But the endorsement of Maryville people.
That's the kind of proof given here—
The statement of a Maryville citizen.

J. A. Murphy, 805 East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney trouble and lumbago. I got up in the morning so stiff and lame, with such a dull aching across my loins that I could hardly do my work. I suffered a great deal from kidney trouble whenever I caught cold, and the kidney secretions were dark and filled with sediment. My health failed and I was miserable, when I read about Doan's Kidney Pills. I got a box of this remedy at Love's drug store (now Love & Gaugh's drug store), and it went at once to the seat of my trouble and corrected it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PEACE PROTOCOL IS SIGNED

WAR BETWEEN ITALY AND TURKEY IS ENDED.

After Months of Bitter Diplomatic Strife for Mastery, Terms are Arranged.

Ouchy, Switzerland, Oct. 16.—After months of diplomatic strife for better terms the Ottoman and Italian plenipotentiaries have signed the protocol of a peace treaty, which ends the war between Italy and Turkey and, incidentally, relieves the Ottoman empire of a crushing handicap in the forthcoming struggle in the Balkans.

The precise terms will not be available until a definite treaty is signed at the end of the week, probably at Lausanne. The tenor, however, is well known. The treaty will provide for absolute sovereignty of Italy in Lybia, without formal recognition there of Italy by Turkey; free exercise of religious authority by the Khalif; Turkey to withdraw her regular troops from Lybia; Italy to pay an indemnity equivalent to Lybia's contributions to the Ottoman treasury; restitution of the captured islands to Turkey with guarantees for the Christian people; no indemnity payable by either side toward the cost of the war, and re-establishment of former diplomatic and commercial relations.

Italy declared war against Turkey on September 29, 1911, and promptly invaded Tripoli. A blockade of the coast of Tripoli and Cyrenaica was begun by the Italian fleet. Various coast towns were bombarded, and in a naval battle many of the Turkish ships were crippled. The coast now is held by Italy, while the Turks and Arabs occupy the interior.

WIRES STRETCHED ACROSS ROAD

Wichita Widow Nearly Decapitated When Motor Car Passed Under Obstruction.

Wichita, Kan., Oct. 16.—Mrs. H. Samuels, widow of the late Prof. Samuels of this city, was nearly decapitated by being struck across the throat by a heavy wire stretched across a roadway in Riverside park. Physicians fear the injury and shock may prove fatal.

Two wires had been strung across a road in Riverside park to keep teams from interfering with a picnic. Mrs. Samuels, with a party of friends, came past in a motor car. The lower wire struck the front of the engine and the driver stopped short, but not before the upper wire had glanced across the top of the windshield and caught Mrs. Samuels across the throat.

EXILE CAME BACK HOME TO DIE

Aged Pastor Had Resigned and Went to Scotland Under Threat of Death.

Philadelphia, Oct. 16.—An exile, under threat of death, the Rev. Dr. Simon C. Hill, 76 years old, for 38 years pastor of the Grace Presbyterian Episcopal church, Mount Airy, has just died of heart disease at Newport.

The aged minister resigned and went to Scotland last July, when a wealthy business man, member of the congregation, threatened to shoot him because of his attitude toward the member's 14-year-old daughter.

While abroad he wrote several letters to members of the vestry, and in all of them he complained of loneliness and that his heart was breaking over the severance of his connection with the old church. Recently he returned and went to Newport.

Proclaims "Seed Corn Week."

Jefferson City, Oct. 16.—Gov. Hadley issued a proclamation setting aside the week beginning Monday, October 21, and ending October 26, as "seed corn gathering week," and calling upon the farmers to observe this period by the selection of their seed corn for next spring's planting. He directed attention to the bumper crop, which he attributed in some degree to better seed corn, more scientific cultivation and rotation of crops.

GAS, SOURNESS AND INDIGESTION VANISH.

As Soon as "Pape's Diapepsin" Gets in Stomach All Distress is Gone.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.
